

Feedback of Alumni

2022-2023

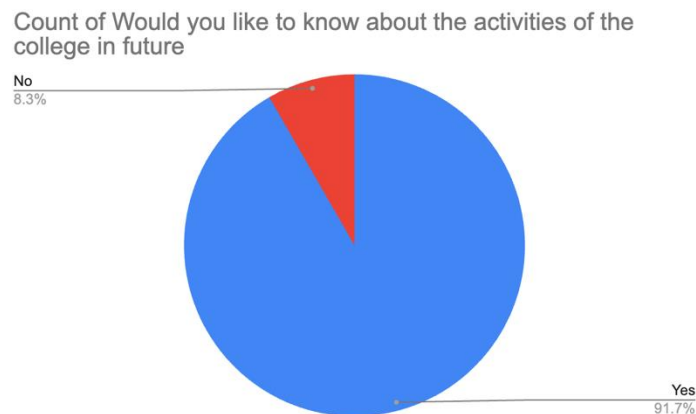

The Alumni feedback form was designed to gather input on Academics and Curriculum, featuring eight questions covering various aspects. Alumni feedback is highly valued as it helps us identify areas for facility enhancements and student employability improvements. The alumni offered feedback on Academics and Curriculum, which we consider crucial for institutional enhancement and progress.

1) Rate the Alumni Meet

Most alumni thought the meet was excellent (66.67%). Fewer thought it was good (16.67%) or very good (16.67%). This suggests that most people really liked it, showing that the event did a great job of making alumni happy and connected."

2) **Would you like to know about the activities of the college in future?**

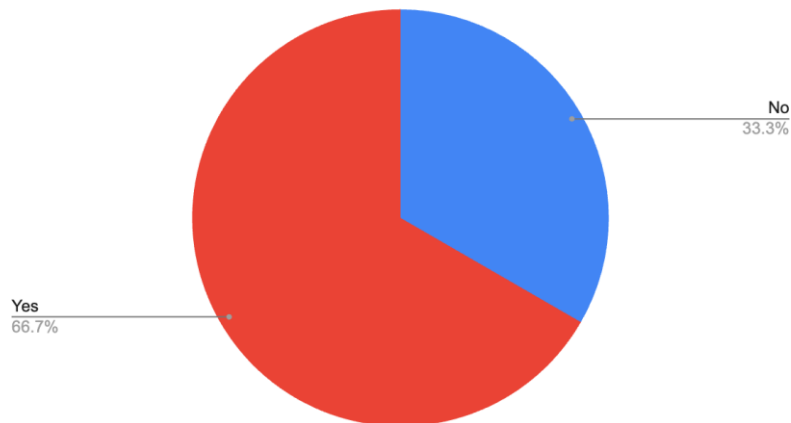

Out of those asked, 91.7% said yes to wanting to know about future college activities, while only 8.3% said no. This shows that the vast majority are interested in staying

informed about upcoming events, indicating a strong interest in staying connected with the college community.

3) Have you ever qualified any competitive examination

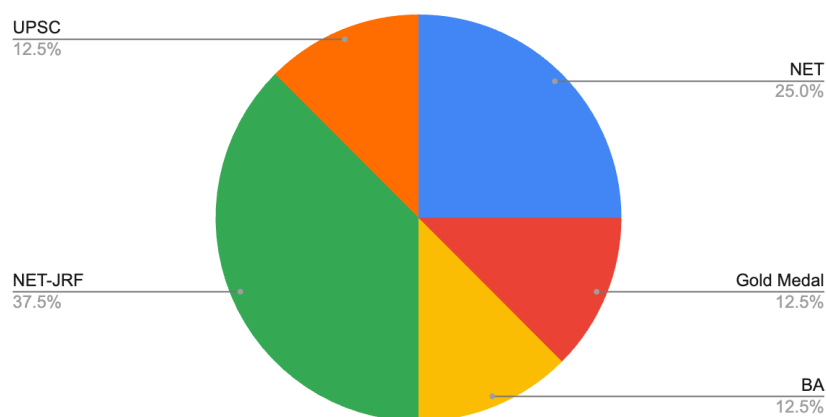

Count of Have you ever qualified any competitive examination

Out of those asked, 66.7% said yes, they've qualified in a competitive examination, while 33.3% said no. This means that a majority have successfully passed such exams, while a smaller portion haven't.

4) If yes, name the examination and the year of qualifying it?

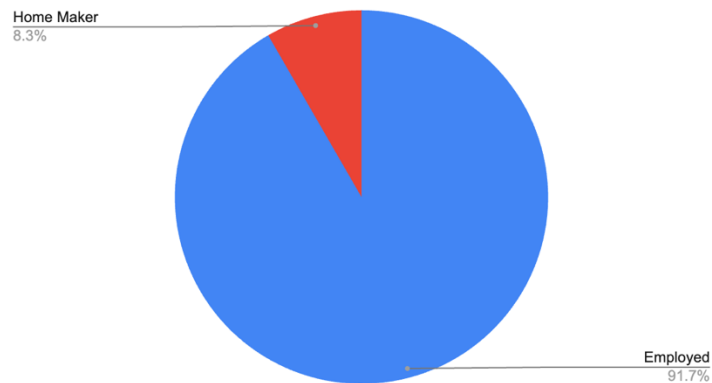

Count of If yes, name the examination and the year of qualifying it

Among respondents who have qualified in competitive examinations, the most common achievement is the NET-JRF (37.5%), indicating a significant interest in research-oriented examinations. Other notable qualifications include NET (25%), Gold Medal (12.5%), BA (12.5%), and UPSC (12.5%). This diversity in qualifications suggests a range of academic, professional, and research interests among respondents.

This diversity in qualifications suggests a range of academic, professional, and research interests among respondents. 91.7% of alumni have jobs, showing that most are working. Only 8.3% don't have jobs right now. This data underscores the strong career outcomes and professional success achieved by most alumni. When asked about their employment status, we received diverse responses indicating alumni engagement across various sectors. These include roles such as authors, entrepreneurs, and a significant number working as professors and assistant professors. Additionally, some alumni are currently pursuing further studies while actively seeking employment opportunities. The responses regarding the role of VKM are varied. 41.7% believe it contributes to overall development. 33.3% see it as providing job opportunities, empowering women, imparting skills, and contributing to overall development. Additionally, 8.3% mention its role in providing skills and overall development, while 16.7% highlight its impact on women's empowerment. Suggestions from alumni, which are highly valuable, include advocating for efforts to involve more alumni, who can enrich their alma mater with valuable feedback and contributions. They propose adding a section on achievements in the alumni form instead of focusing solely on competitive exams. Some alumni affirm that VKM College is already well-established, transparent, and maintains high standards in infrastructure and facilities.
